*Chasing Hillary* Amy Chozick, 2018-04-24 New York Times bestseller The Devil Wears Prada meets The Boys on the Bus New York Times The dishy rollicking and deeply personal story of what really happened in the 2016 election as seen through the eyes of the New York Times reporter who gave eight years of her life to covering the First Woman President who wasn't For a decade award winning New York Times journalist Amy Chozick chronicled Hillary Clinton's pursuit of the presidency Chozick's front row seat initially covering Clinton's imploding 2008 campaign and then her assignment to The Hillary Beat ahead of the 2016 election took her to 48 states and set off a nearly ten years long journey in which the formative years of her twenties and thirties became both personally and professionally intrinsically intertwined to Clinton's presidential ambitions Chozick's candor and clear eyed perspective from her seat on the Hillary bus and reporting from inside the campaign's Brooklyn headquarters to her run ins with Donald J Trump and her globetrotting with Bill Clinton provide fresh intrigue and insights into the story we thought we all knew This is the real story of what happened with the kind of dishy inside details that repeatedly surprise and enlighten But Chasing Hillary is also a rollicking irreverent refreshingly honest personal story of how the would be first woman president looms over Chozick's life And as she gets married attempts to infiltrate the upper echelons of political journalism and inquires about freezing her eggs so she can have children after the 2016 campaign Chozick dives deeper into decisions Clinton made at similar points in her life In the process Chozick came to see Clinton not as an unknowable enigma and political animal but as a complex person full of contradictions and forged in the political battles and media storms that had long predated Chozick's years of coverage Trailing Clinton through all of the highs and lows of the most noxious and wildly dramatic presidential election in American history Chozick comes to understand what drove Clinton how she accomplished what no woman had before and why she ultimately failed

Poignant illuminating laugh out loud funny Chasing Hillary is a campaign book like never before that reads like a fast moving political novel

New Women in the Old West Winifred Gallagher, 2022-07-19 A riveting and previously untold history of the American West as seen by the pioneering women who advocated for their rights amidst challenges of migration and settlement and transformed the country in the process Between 1840 and 1910 hundreds of thousands of men and women traveled deep into the underdeveloped American West lured by adventure opportunity and the spirit of Manifest Destiny These settlers soon realized that survival in a new society required women to compromise eastern sensibilities and take on some of their husbands responsibilities At a time when women had very few legal or economic much less political rights these women soon proved just as essential as men to westward expansion During the mid nineteenth century the traditional domestic model of womanhood shifted to include public service with the women of the West becoming town mothers who established schools churches and philanthropies while also coproviding for their families They claimed their own homesteads and graduated from new free coeducational

colleges that provided career alternatives to marriage In 1869 the men of the Wyoming Territory gave women the right to vote partly to persuade more of them to move west but with this victory in hand western suffragists fought relentlessly until the rest of the region followed suit By 1914 western women became the first American women to vote a right still denied to women in every eastern state In *New Women in the Old West* Winifred Gallagher brings to life the riveting history of the little known women the White Black and Asian settlers and the Native Americans and Hispanics they displaced who played monumental roles in one of America s most transformative periods Drawing on an extraordinary collection of research Gallagher weaves together the striking legacy of the persistent individuals who not only created homes on weather wracked prairies but also played a vital unrecognized role in the women s rights movement and forever redefined the American woman
